Hello,

We have reached a decision regarding your submission to Quality-Access to Success, **“Do Entrepreneurship Education and Peer Groups Promote Students’ Entrepreneurial Intention During Covid 19 Pandemic? The Mediating Role of Entrepreneurial Mindset”**.

Our decision is : Revisions Required

Reviewer A:

The subject and paper is interesting however, authors need to improve the quality little bit more, here are some comments to be implemented;

1. Please mention in your methodology about “measures” or measurements that you have used, e.g. from where you got questionnaires, which studies, how did you develop research tool and used it for analysis, how many indicators or items.
2. Please fix tables to be more clearer for understanding, they should be the same style.
3. (Results) you should check your sub-titles numbering, you don’t need to make 5 numbers on sub-titles.
4. You may add the theoretical and practical implications for your paper.
5. You need to support your discussion with up to date researches.

Recommendation : Revisions Required

Reviewer B:

1. Please add the theoretical background to build the conceptual framework and hypotheses
2. Please add the theoretical as well as adding the previous research (in sub categories : finding, discussion, and conclusions)
3. Use the Mendeley for the references
4. Please add the implication for future research

Recommendation : Revisions Required

Hello,

We have reached a decision regarding your submission to Quality-Access to Success, **“Do Entrepreneurship Education and Peer Groups Promote Students’ Entrepreneurial Intention During Covid 19 Pandemic? The Mediating Role of Entrepreneurial Mindset”**. thank you again for the provided revised version of the paper and your work. Still, the paper requires a few more corrections before it may be accepted, namely:

1. The length of the paper should amount to no more than 8,000 words.
2. Kindly revise the abstract specially the part of the results to make the sentences more relevant and connected.
3. “Research Methodology” section should also contain description of alternative methods that would be suitable for conducting the research.
4. The list of references and all the in-text citations should be formatted in APA style.

Recommendation : Revisions Required
